Visualization, which is also known as mental imagery, is a very important aspect of the law of attraction to lose weight and for optimum health. With the aid of meditation, which is a form of mental imagery, you can generate a force of energy that will attract to your life the changes you require to get your desired health goals.

### **Use the Law of Attraction to Lose Weight TODAY**

The law of attraction and positive thought are very powerful. But you also need to back it up – with action. You need to eat healthy food (not avoid bad food!), you need to exercise and be active constantly (not to avoid just sitting and lying on a bed all day long). Don't do solely the things that will help you lose weight.

Law of Attraction weight loss is about you becoming a vibrational match to your ideal body. Decide how you want your body to look and align with it by matching its vibrational frequency. What can you do to become a vibrational match to your ideal body?

## **Law of Attraction Weight Loss Tips - 5 Best LOA Tips for ...**

The law of attraction weight loss strategy involves using your mind. Most of us have a lot of different competing parts to our psyche. One part of us wants to hit the gym and another part of us wants to drink a bottle of wine and eat cake! These competing parts of our mind don’t surface at the same time. At the start of the New Year we might be gunning for the gym and aiming to make it happen and lose that weight.

## **Law Of Attraction Weight Loss - The Law Of Attraction Sceptic**

Watch the LOA swing into action! “Whether you think you can or whether you think you can’t,” said Henry Ford, “you’re right.”. These wise words are the foundation of the law of attraction. I lost 10 pounds in a month because I told myself my body was gorgeous and slender on day one.
