Gizmo Answer Key Rabbit Population By Season

My Rain Bird ESP- 6TM's screen says "PR OFF", while there is power in my wall outlet. Not any button on the controller now works. I checked the fuse, the fuse is good. I removed the lithium battery, the "PR OFF" went away, I put the battery back in, the "PR OFF" came back. Can anybody tell me what else to check and how to fix the problem? Thanks.
