So Empire of Bones is probably one of my top five sci-fi series. To be fair, I didn't enjoy Book 8 quite as much because of how he chose to incorporate different characters. BUT, part of a good series is doing the unexpected and not staying on the typical story arc. So, Terra Gambit gets 5 stars because Empire of Bones is a 15 star series.

The Empire of Bones Saga by Terry Mixon - Goodreads

This is the first book in the second arc (books 8-14) for The Kurtherian Gambit. The stakes are raised a lot higher! Please note: There is flagrantly foul language in this novel. The main character does not have a problem with cussing, just uninspired cussing.
